

Sorin Paul Parva

Process Engineer
Kimball Electronics Romania

▣ Started at Kimball Electronics in 2022

- Sorin resides in Timișoara, Romania. In his free time, Sorin chooses to watch football, cook, or learn new things.
- Before taking on the position of Process Engineer, Sorin worked as a Junior Process Engineer for just over a year. He stated that his promotion at Kimball Electronics is the professional achievement he is most proud of. As Process Engineer, the day-to-day responsibility that he enjoys most is developing and optimizing processes.
- The culture at Kimball Electronics is unique to Sorin because he feels that the company is constantly providing new opportunities for its employees. His favorite memories with the company all involve spending time with his colleagues. Sorin highlighted the supportive atmosphere of his team at Kimball Electronics, stating "I like that we help each other. We are more than colleagues, we are friends."
